Chairman Mark Blankenship  
Dale County Government Building  
202 South Highway 123  
Ozark, AL 36360

Dear Mr. Blankenship,

The Dale County Board of Education is soliciting bids to demo and remove the old National Guard Armory building located on US Highway 231 in Ozark. The board had originally planned to use the building for a Career Tech Academy. The building recently suffered extensive damage in a recent storm. Our architect has advised that the building is beyond repair and would be a poor investment in meeting our goals. We plan to demo the building and build a state of the art Career Tech Building. This campus will eventually host students to educate them on skills and trades needed to be successful in the local economy.

The Dale County Board of Education respectfully request that the Dale County Commission invest in this project by waiving the landfill fees for the demolition project.

Thank you for your consideration.

Sincerely,

Consequently, the DBE requirements of 49 CFR Part 26 apply to this AGREEMENT.

DBE Obligation. The recipient of funds under the terms of this AGREEMENT agrees to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. The recipient shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to see that Disadvantaged Business Enterprises have the opportunity to compete for and perform contracts and shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of U.S. Department of Transportation assisted contracts.

Failure of the recipient of funds under the terms of this AGREEMENT, or failure of its subcontractor (if a subcontractor is authorized) to carry out the DBE requirements of this AGREEMENT shall constitute a breach of contract, and may result in termination of the contract by the STATE, or such other remedy may be undertaken by the STATE as it deems appropriate.

b. The STATE has the right to terminate this AGREEMENT at its sole discretion without cause and make settlement with the COUNTY upon an equitable basis. The value of the work performed by the COUNTY prior to the termination of this AGREEMENT shall be determined. In determining the value of the work performed, the STATE shall consider the following:

1. The ratio of the amount of work performed by the COUNTY prior to the termination of the AGREEMENT to the total amount of work contemplated by this AGREEMENT less any payments previously made.

2. The amount of the expense to which the COUNTY is put in performing the work to be terminated in proportion to the amount of expense to which the COUNTY would have been put had he been allowed to complete the total work contemplated by the AGREEMENT, less any payments previously made. In determining the value of the work performed by the COUNTY prior to the termination, no consideration will be given to profit, which the COUNTY might have made on the uncompleted portion of the work. If the termination is brought about as a result of unsatisfactory performance on the part of the COUNTY, the value of the work performed by the COUNTY prior to termination shall be fixed solely on the ratio of the amount of such work to the total amount of work contemplated by this AGREEMENT.

STATE OF ALABAMA
DEPARTMENT OF TRANSPORTATION
GUIDELINES FOR OPERATION

SUBJECT: PROCEDURES FOR PROCESSING STATE AND INDUSTRIAL
ACCESS FUNDED COUNTY AND CITY PROJECTS

No work can be performed and no contracts can be let prior to having a fully
executed project agreement, submittal of project plans to Region and notification
from the Region that advertisement for bids can be made, or, in the case of force
account projects, work can begin.

A project agreement will be prepared and furnished to the County/City upon
receipt of grant award letter signed by the Director or Governor. The Region will
prepare and submit a F-7A Budget Allotment request upon receipt of a project
funding agreement at the time it is submitted to the County/City for their execution.

The County/City will submit plans prepared and signed by a registered professional
engineer showing work to be performed. Plans must match the project agreement
description. It is not necessary for the Region to perform an in-depth review of
plans. The County/City will submit a certification signed by a Registered
Professional Engineer stating that the plans have been prepared so that all items
included in the plans meet ALDOT specifications. The County/City will include a
letter certifying that the County/City owns all right-of-way on which the project is
to be constructed.

Upon receipt of the executed agreement, the executed F-7A, final plans from the
County/City, and right-of-way certification, the Region may notify the County/City
to proceed with advertising the project for letting or proceed with work in the case
of a force account project.

In the case where a County/City is using an inplace annual bid, the County/City will
furnish the Region a copy of their bid and this bid price will be used for
reimbursement.
Where the County/City is letting a contract locally, the County/City will furnish to the Region the three lowest bids with their recommendation for award. The Region will review the bids, and, if in order, advise the County/City to proceed with award of the contract to the lowest responsible bidder. The County’s/City’s estimate for reimbursement will be based on the bid prices concurred in by the State and supported with documentation that the contractor has been paid for work performed (copy of cancelled check).

A certification will be submitted with County/City final estimate stating that the project was constructed in accordance with final plans submitted to the State and with the specifications, supplemental specifications, and special provisions which were shown on the plans or with the State’s latest specifications which were applicable at the time of plan approval.

The County/City will notify the Region when the project is complete and the Region will perform a final ride-through to determine whether the project was completed in substantial compliance with original final plans. Final acceptance will be made by the Region with a copy of the letter furnished to the Bureau of Local Transportation.

All required test reports, weight tickets, material receipts and other project documentation required by the specifications, applicable supplemental specifications, and special provisions will be retained by the County/City for a period of three (3) years following receipt of final payment and made available for audit by the State upon request. If an audit is performed and proper documentation is not available to verify quantities and compliance with specifications, the County/City will refund the project cost to the State or do whatever is necessary to correct the project at their cost.

All County/City Industrial Access or State funded projects let to contract by the State will follow normal project procedures and comply with all current plan processing requirements.

PERSONNEL RECOMMENDATION

To: Dale County Commission

From: Henry B. Steagall, III, County Attorney and Cheryl Ganey, County Administrator

Re: EMA Director, Jonathan K. McDaniel

Dear Commissioners,

As you know, our EMA director, Kurt McDaniel, has an extensive history of warnings and reprimands regarding his job performance in the last few years. In February, 2019, Mr. McDaniel was suspended from his position on the E911 Board for unethical conduct as a board member and the County was without representation on that Board for several months. Due to his history of discipline as EMA director and the E911 Board suspension, McDaniel was called before the Commission in March, 2019 and given “one last opportunity” to correct his deficiencies. He was given a list of corrective actions which were expected of him in order to continue as the EMA director and he acknowledged his mistakes, signed his name in agreement and assured the Commission there would be no further violations of the personnel rules or improper conduct.

Since McDaniel made those assurances to the Commission last year, it has come to the attention of County Administration that McDaniel has continued to violate County personnel rules. Based upon McDaniel’s discipline history and the breach of his agreement from March of last year, the County Administrator recommends that the Commission consider dismissal of the EMA Director and I concur.

Ms. Ganey and I request that the Commission provide McDaniel with notice of its intent to terminate him from County employment and to set a date and time for a due process public hearing before the Commission. This public hearing, unless waived by McDaniel, will allow the Commission to consider his job performance, review his personnel file, and give him the opportunity to present his defenses before the Commission. At the conclusion of the hearing, the Commission will be able to consider the appropriate discipline and McDaniel will have his right to appeal.
